

Find Solutions – Not Excuses!

Everything I needed to know about life I learned from Noah's Ark.

1. Don't miss the boat.
2. Remember that we are all in the same boat.
3. Plan ahead. It wasn't raining when Noah built the Ark.
4. Stay fit. No matter how old you are, you could still be called to do something really big.
5. Beware of critics who have more data than good judgement. If criticism is not constructive, make sure that it does not pollute your mind. Listen to critics by all means, but then get on with the job that needs to be done.
6. Build your future on high ground.
7. For safety's sake, travel in pairs.
8. Speed isn't always an advantage. The Snails were on board with the Cheetahs.
9. When you're stressed, float a while.
10. Remember, the Ark was built by amateurs, that Titanic by professionals.
11. No matter what the storm, when you're with God there's always a rainbow waiting.

When things are not working out for you,

Lose the excuses and make a couple of these 'tips' work for you.

Food for thought...

You have the power of choice!

Whatever happens to you in life is not as important as how you respond.

Do you choose to find an EXCUSE for the things that happen to you?

– Or do you choose to find a SOLUTION?

Where do you need to find a solution (instead of an excuse) in your life at the moment?
